

The Guardian

A Monthly Publication of the
[German Shepherd Dog Club of Atlanta, Inc.](#) May, 2010

This is my eighth issue of the Guardian. My first issue as Editor of the Guardian I stated that my goal would be to bring you a Newsletter that does not require hours of reading but rather would bring you snippets of information with a link or two for more extended information. So far we are on schedule.

The Guardian is intended to supplement the website with timely information about board and committee reports, articles, show and match information, picnics etc. If you miss something in the Guardian you can find it on the website along with other useful club information.

Complimentary copies of the Guardian will be sent to every puppy buyer, friend or potential member. Send their email contact information to:
cbattaglia@mindspring.com).

Visit the club site and see some of the new features.

Thanks, for reading along.

Carmen Battaglia

MESSAGE FROM THE PRESIDENT

Hi to All,

Here it is May, I know I said this before, but I am not sure where the year has gone already!

At least it is not so COLD and the sun is shining most of the time. Our March match was called because of the weather but has been rescheduled to Sunday June 6th. Hope to see everyone there. More information will be in the Guardian, on the web site, or contact Nancy. And as a reminder, The North Georgia club will be having their match on May 16th; you may contact Lee Jewell or Scears for more information.

The Awards Dinner is just around the corner in July, so please get your information in to Mary and Joye. I know we have had a LOT of accomplishments and wins this

year, but you must report them in a timely manner to give time for the award plaques to be ordered. We do not want to miss anyone, but it is up to you to get the information in to Mary and / or Joye. 770) 922 2172 or 770) 438 2285

The November show is well on its way, however, we do not have a confirmed show secretary. If you would be interested in this or any other position, please contact Stacy (our show chairman) or one of the board members.

Our club election of officers will be held in June. Any additions to the slate must be presented at the MAY meeting. We will be voting on Judges for the next shows at the MAY meeting. This is a meeting you really do not want to miss. My understanding is there will be no program this month since we have so much club business.

If you have puppies, do contact Andrea Washburn and of course Scears to advertise in the Guardian.

Joye has reported training is going well and we appreciate all the hard work it has taken to get this back on track.

As stated before, the Guardian is still a work in progress. Do take a few minutes to visit our web site and let us know what you think.... Again more appreciated hard work by Carmen and Scears.

Hope everyone is doing well and best to all,

Joan

Rules for the Versatility Awards Program.

The Versatility awards program was implemented by the German Shepherd Dog Club of Atlanta for two reasons: as an educational tool for members to promote the health, soundness, and welfare of German Shepherd Dogs; and as a recognition program for dogs and owners who have contributed to the breed in the arenas of performance, conformation, and social responsibility. Eleven different categories have been identified in which points can be earned. There are six levels of awards, to recognize and reward dogs and owners from a beginning level to those who have achieved the pinnacle of success in one or several of the targeted areas. The categories and point-earning achievements in each are listed below. Certificates are awarded for Versatility Started (VS); plaques or special awards of increasing size (which may include a photo if the owner submits one in advance are awarded for the higher levels, which include Versatility Intermediate (VI), Versatility Advanced

(VA), Versatility Excellent (VX), Versatility Master (VM), and Versatility Super (SV).

Versatility Started (VS) requires five points from at least 3 different categories, with at least one point coming from an AKC performance category. The award is a certificate.

Versatility Intermediate (VI) requires 10 points from at least 4 different categories, including at least 2 AKC performance categories. A small plaque (with a 4"x6" photo if provided in advance by the owner) will be awarded.

Versatility Advanced (VA) requires 11 points from at least 5 different categories, including at least 2 AKC performance categories; one point must be earned by winning a point at either the CDX, RA, TDX, OA, HI or a WD2 level. A small plaque (with a 4"x6" photo if provided in advance by the owner) will be awarded.

Versatility Excellent (VX) requires 12 points from at least 6 different categories, including at least 2 AKC performance categories; one point must be earned by winning the top level in an AKC performance category. A large plaque will be awarded (same criteria as noted above; photo is 5"x7".)

Versatility Master (VM) – requires 18 total points from at least 6 different categories; at least 10 of the points must be from 3 of the 6 AKC performance categories; the dog must have achieved the top level in at least 2 of those performance categories. A large plaque will be awarded; same criteria as above; photo is 8"x10".

Versatility Super (SV) requires 20 points from at least 8 different categories, and points must be earned in all 6 AKC performance categories; at least two points must be earned by achieving the top level in two different AKC performance categories. A special award will be presented; same criteria as above.

Non-AKC titles are limited to one point per category. For example, a dog with both a Canadian and a Mexican championship could claim only one point for his "foreign country championship."

There are 11 categories. One point is awarded for each accomplishment or award listed. The first 6 categories are the AKC performance categories. The dog must have passed the test or accomplishment listed in order to be awarded a point. C.E.R.F. certification must be renewed annually for the point to be counted in successive years. The program is designed to make versatility awards at some level accessible to all dogs and all owners. For example, if a dog does not have the health credentials and/or conformation or performance achievements to be a breeding prospect, the dog can still earn a point in the "Breedability" category by being spayed or neutered, in recognition of the owner's responsible decision not to breed that dog. A dog whose hips or elbows do not certify, but whose owner has chosen to

have the OFA results posted on the OFA's database, may earn a point for each OFA public database listing. Dogs who do certify earn extra points for those certifications.

The Versatility Awards year runs from June 1 to May 31; thus, all titles and certificates must have been earned no later than May 31 of the year in which the Versatility Awards are presented, at the Annual Awards Banquet in July. All Versatility Awards information must be submitted by regular mail to Versatility Chairperson at the mailing address below, no later than June 15 of the applicable awards year. Information received after that deadline will not be considered. Written documentation is required for all earned points. If you wish to receive a photo plaque for an eligible dog, you must specify whether the photo will be vertical or horizontal, and you must provide the photograph you wish to use.

To be eligible for a plaque, a member must meet one of the following requirements: attend 5 club meetings in the current awards year (meetings may be any combination of club and/or board meetings); participate in a club training class as instructor or assistant; actively serve on a committee during the awards year; or be a life member as defined in the club's bylaws. Members not meeting requirements for plaques will be awarded certificates.

You must send copies (non-returnable) of all titles, certifications, etc., as proof that your dog has earned points for those categories. More information about the performance titles can be found at the web site of the American Kennel Club, akc.org. Any questions of eligibility shall be resolved by the Board.
