Message from the President

What a different time we are living in – we should be ready for our May shows, we should be out and about enjoying the weather, we should be grilling out with our friends....but as for me and my husband we are home. I've cleaned all the junk drawers in the house, we've done more yard work than in several years, I'm not going to mention how much cooking I've done. But the best news is we are fine, everyone we know is fine, so far we have survived Covid-19. What is our takeaway – as bored as we are at times, we now enjoy the simple pleasures of life, enjoy every minute, and don't worry about tomorrow. With that said, I just learned that Connie Irvine had died – what a smiling face she was.

Live for the moment – Tomorrow is not promised.

2020 SHOW UPDATE

On May 4th, the BOD for the GSDCA finally gave approval for the Futurity/Maturity dates and locations. Our combined shows with the Augusta GSDC previously scheduled in May have now been rescheduled for September 11 & 12 with the Augusta GSDC hosting the Futurity/Maturity on Sunday, September 13. These have also been approved by the AKC.

Of course, everything is subject to change should our state suffer another outbreak of the virus. These events are subject to state and local regulations regarding Covid-19. We are working on details and plans to keep everyone safe during these shows. More to come later as plans/rules develops. Of course, we understand that there might be people that would feel uncomfortable about going to a dog show during this time. We completely understand and encourage those folks to stay home. This is a personal decision that everyone must make for themselves.

We have confirmed that our judges, Di Di Ardoin and Doug Crane, are still on board with the judging assignment in September. We have also confirmed that Fast CAT is still a go.

Trophy Pledges are still coming in. We have \$745 pledged, and have received \$675 as of 5/17/20. We are missing payments from 3 club members and hope to get these in soon.

Val Harrington is our show secretary and is putting the finishing touches on the updated premium list with new dates and closing date. We will email the premium list out to all club members and ask that you feel free to forward to your friends. It will also be posted on our website and club Facebook page. Remember that the Fast CAT is not specific to GSDs, but is for all breeds. However, we will be giving super nice rosettes for the “Fastest GSD” at each event, there are six events.

These shows will certainly be like no shows I’ve ever attended before. We will be taking every precaution to ensure the safety of all exhibitors, dogs, handlers, owners, volunteers, judges, stewards, and our club members. Let’s all work together, come with a positive attitude and have some fun!!

Joye Evans – Bio

Joye's love of the breed began in 1970 with her first GSD named Ike. She says she put him in obedience just because and it was addictive with a willing worker. Pure backyard breeding not a single Champion in 5 generation pedigree. He earned his CDX making him the highest title in his pedigree. So sad but true. We live and learn and we all have to start somewhere.

Joye has been a member of the GSDC of Atlanta for close to 40 years, and also a member of the GSDCA. She has served on the Board many times in many different capacities; currently holding the position of President.

Her most recent claim to fame is the litter of 12 puppies she whelped. Yes, 12 puppies! In that litter was her first home-bred champion, Lucy. Her next litter turned out to be a single male named Benny. Look for Benny in a show ring near you soon. The Evans' current pack consists of Edie and her two sons, Reggie and Benny.

Joye is always training her dogs. I've never known her not to be training a dog for some dog sport. Her dogs have excelled in conformation, obedience, rally, herding, barn hunt and agility. She's currently training Edie in obedience, and Reggie in agility. Joye runs a tight ship at home with her pack.

Larry and Joye have been married for 14 years and are now enjoying their retirement together. GSDs have always been a huge part of Joye's life. Larry isn't really a dog show kind of person, but loves their dogs and is super supportive of every one of Joye's dog adventures. Larry & Joye enjoy attending Larry's annual 101st Airborne reunion each year. Larry proudly served our country in the Vietnam War and is an avid Ohio Buckeyes football fan.

The GSDC of Atlanta is fortunate to have such a dedicated, and well-respected member. Joye is always welcoming to newcomers, works diligently for the club, loves the breed and is always willing to lend a hand where needed.

Connie Irvine

The GSDC of Atlanta has lost a member, past-president and dear friend. Connie passed away May 12th. Please keep her husband Frank and the family in your prayers.

Below is the Facebook post from Frank. RIP Connie.

Connie Irvine

13 hrs · 🧑🏻‍🤝‍🧑🏻

While the Rainbow Bridge is really intended for the loss of one of your animal friends, Connie and I have discussed the meaning of this with the loss of every one of our friends. We felt there could not be a more appropriate way express how one feels with the loss a life long companion, as such I feel at rest knowing she will cross over the Rainbow Bridge to join her many friends waiting for her at the other end.

Just this side of heaven is a place called Rainbow Bridge.

When an animal dies that has been especially close to someone here, that pet goes over the Rainbow Bridge.

There are meadows and hills for all of our special friends so they can run and play together.

There is plenty of food, water and sunshine, and our friends are warm and comfortable.

All the animals who had been ill and old are restored to health and vigor; those who were hurt or maimed are made whole and strong again, just as we remember them in our dreams of days and times gone by.

The animals are happy and content, except for one small thing; they each miss that someone very special to them, who had to be left behind.

But the day comes when they suddenly stop and look into the distance, their eyes bright and intent, their eager bodies start to quiver. Suddenly they begin to run as a group, flying over the green grass, their legs carrying them faster and faster to the foot of the Rainbow Bridge.

You have been spotted, and when you and your special friends finally meet, you cling together in joyous reunion, never to be parted again. The happy kisses rain upon your face; your hands again caress their beloved heads, and you look once more into the trusting eyes of your pets, so long gone from your life but never absent from your heart. You have made that final journey as you cross Rainbow Bridge together....

Schutzhund Titles

By: Philippa Fendler

As you all may suspect the SE Regional Championships have been cancelled due to Covid-19. It is uncertain if the event will be held later and if the National Championships and WUSV World Championship for that matter will still take place. Everything is uncertain right now. But that doesn't mean we can't learn more about Schutzhund or even train our dogs. □

Previously we discussed titling for the BH obedience title which is the pre-requisite for everything else. Once you have achieved the BH, you have many options to title your dog. Most Schutzhund competitors train and compete for the complete IGP package, IGP1, IGP2, IGP3. However, you are not limited to the IGP titles only. (Remember the IGP titles requires passing in all 3 disciplines (tracking, obedience and protection).) If you have a dog that is not interested in one or another discipline, you can still title in the individual disciplines at all 3 levels.

Tracking

You can title for FPr1, FPr2 and FPr3 (previously known as TR1, TR2 and TR3). These titles are equivalent to the tracking portion of the IGP titles. In addition, you have the FH1, FH2 and IGP-FH.

Obedience

You can title for UPr1, UPr2 and UPr3 (previously known as OB1, OB2 and OB3). These titles are equivalent to the obedience portion of the IGP titles.

Obedience & Protection

You can title for APr1, APr2 and APr3. These titles are equivalent to the obedience and protection portion of the IGP titles.

Endurance

For the breed survey and show the AD (Ausdauerprüfung = Endurance Test), BH and IGP1 are a pre-requisite for the working dog class. The AD consists of the dog running along the handler riding a bike for 12.4 miles (20 km) and demonstrates endurance and healthy heart and lungs desired for breeding. The dog will be examined before the test, during each break and at the end of the test. The handler will ride the bike with the dog running next to it at moderate speed (trot) for 5 miles. The dog will be given a 15 min break where the judge will observe the dog's fatigue and physical condition. After the second stretch of 9.3 miles the dog and handler get another break of 20 min, where again the judge will observe the dog for physical distress and fatigue. Then come the last 3.1 miles. After the dog has completed the running the judge will again observe the dog and may ask for some simple common obedience exercises to properly judge the dog's cohesiveness. The obedience is only judged by the dog responding to the commands or confusing commands. This title is not scored by points but rather a pass / fail exercise. It takes about 2.5-3hrs to complete this test. During the breaks the dog may be given some water. During the summer months the outside temperature may not exceed 72 F.

In Germany dogs are also allowed to compete in Herding and Search & Rescue titles (not related to S&R organizations) but since Search & Rescue organizations do not allow dogs with protection training and experience, these titles are hardly used here in the US.

The GSDC of Atlanta would like to welcome a new family member!

Marilyn & Hilary Boretz are excited to introduce their new puppy “Easter”.

Easter DOB January 16, 2020

Easter, the love of our lives! Her ears are either angel wings or devil horns! Favorite toys: a squeaky, furry raccoon on a leash and a broom. Keeps her entertained for hours! Also loves Kong toys, beef bones, puzzles – and her “blankie.” FYI, her “blankie” originated as a soft gift to my mom when she was dying so it has special meaning. We’re trying to keep her from jumping on the furniture – she’s learning. Loves her big play area outdoors – we’re getting bigger play toys to distract her from chewing cedar chips! She’s crate-trained: Hilary and I alternate sleeping downstairs with Easter. We sleep on a comfortable sofa-bed mattress while she is in her crate. We all sleep well! Potty-trained, too. Last “accident” was about 3 weeks ago. Even with this social distancing, Easter is meeting neighbors. She’s curious/interested all the time! Thank heavens, she “crashes” a couple of hours every day. We’re learning to walk in the neighborhood. Can’t wait until this isn’t a struggle.

The GSDC of Atlanta would like to welcome a new family member!

Philippa Fendler would like you all to meet "Kona".

I have added a new female puppy from strong working lines to the pack. Kailua Kona vom Haus Schair, "Kona" will eventually replace Dime as my breed bitch.

Kona can't wait for our next club meeting to come out and meet everyone. :)

Some Golden News:

Cash had 8 little golden puppies via C-section on April 15th. Mom and all puppies are doing well.

A NEW CHAPTER BEGINS....

Don, Lillie and Phoenix have welcomed Kari into their lives. Kari belonged to the late Andrea Washburn.

Kari is preparing to join Phoenix in their new apartment at UGA in August that they'll share with two roommates. She's proudly sporting her new UGA collar.

We'd like to wish Phoenix and Kari all the best at UGA!!

Since Katie helped shop for furniture for the new apartment, she has claimed the recliner.

AKC TITLES & PROGRAMS YOU CAN DO FROM HOME!

The world as we know it has changed drastically in the last few months. The dog world seemed to have come to a screeching halt for many. Others have used this time at home to train in a variety of ways in preparation for upcoming events in the near future. Depending on your dog sport, the wait might just be over.

The AKC has come up with ways to earn titles at home for some dog sports. AKC Trick Dog titles can now be earned by submission of videos that are reviewed and approved by CGC evaluators. The AKC Rally Novice title may also be earned at home through the AKC Rally Novice Virtual pilot program.

They are also offering ideas for training at home including Rally, Obedience, and Scent Work.

If you and your dog are interested, we urge you to visit the website below for details.

Magua finished his championship on 8/27/17 in very few shows. We recommend Magua for improving substance, strong male heads, strong ears, and overall "type". He has a high ball drive and excels at performance work. He is built to work and his moderate angulation makes him perfect for taking on tasks that these dogs should be able to do. He has an excellent pedigree with some of the top producing dogs.
